

# How to write a Class Safety Checklist

Help the children to write an end-of-lesson or end-of-day checklist, to keep the classroom safe and protected from a fire starting.

**Write a 'To Do' list or instructions to check...**

Possible actions to include:

- Turn off all the lights
- Switch off and unplug
- Tuck in all chairs
- Tidy away all bags / coats (trip hazards!)
- Check smoke alarms (once a week)
- Make sure fire exit is clear
- Turn off anything that is not in use
- Know the exit plan
- Close the doors of rooms not used during the night.
