

Fire Marshal/Warden & Extinguisher Training

Live & Interactive (part 1)

Complete your fire training with an online webinar, ensuring your staff have an understanding of the need for and the confidence to perform the role of a Fire Marshal/Warden.

Real Fires (part 2)

Delegates will receive practical hands on experience, gain confidence and an understanding of the use of fire extinguishers on controlled real fires.

**From just £40
per delegate**

“A great way of training and also my first webinar – thank you.”

Care Home delegate, 25th June 2020

Interactive Webinar Part 1 (2.5 hours)

Interaction between the delegates and instructor is achieved by multiple choice questions, delegates select answers from a list.

Participants can ask questions using their keyboard to type in a text messaging option adjacent to the presentation screen.

Individuals or Groups

The webinar is best viewed by individuals however it is suitable for display to a group audience too via a large screen.

The webinar can be viewed on a laptop, PC, iPad or tablet. No additional software is required.

We deliver the presentation live via the internet. Unlike virtual meetings solutions, such as Zoom, the presentation will not be affected by background noise – delegates only hear the voice of the trainer and sound from videos where relevant.

- **Easy online registration**
- **Click the link to join on the day**

***“Excellent training - practical, informative,
and very very helpful.”***

**Charity Risk Management delegate,
30th June 2020**

Practical Training – Part 2 (1 hour)

The practical elements will take place entirely outdoors either at your site or at one of our East Sussex fire stations.

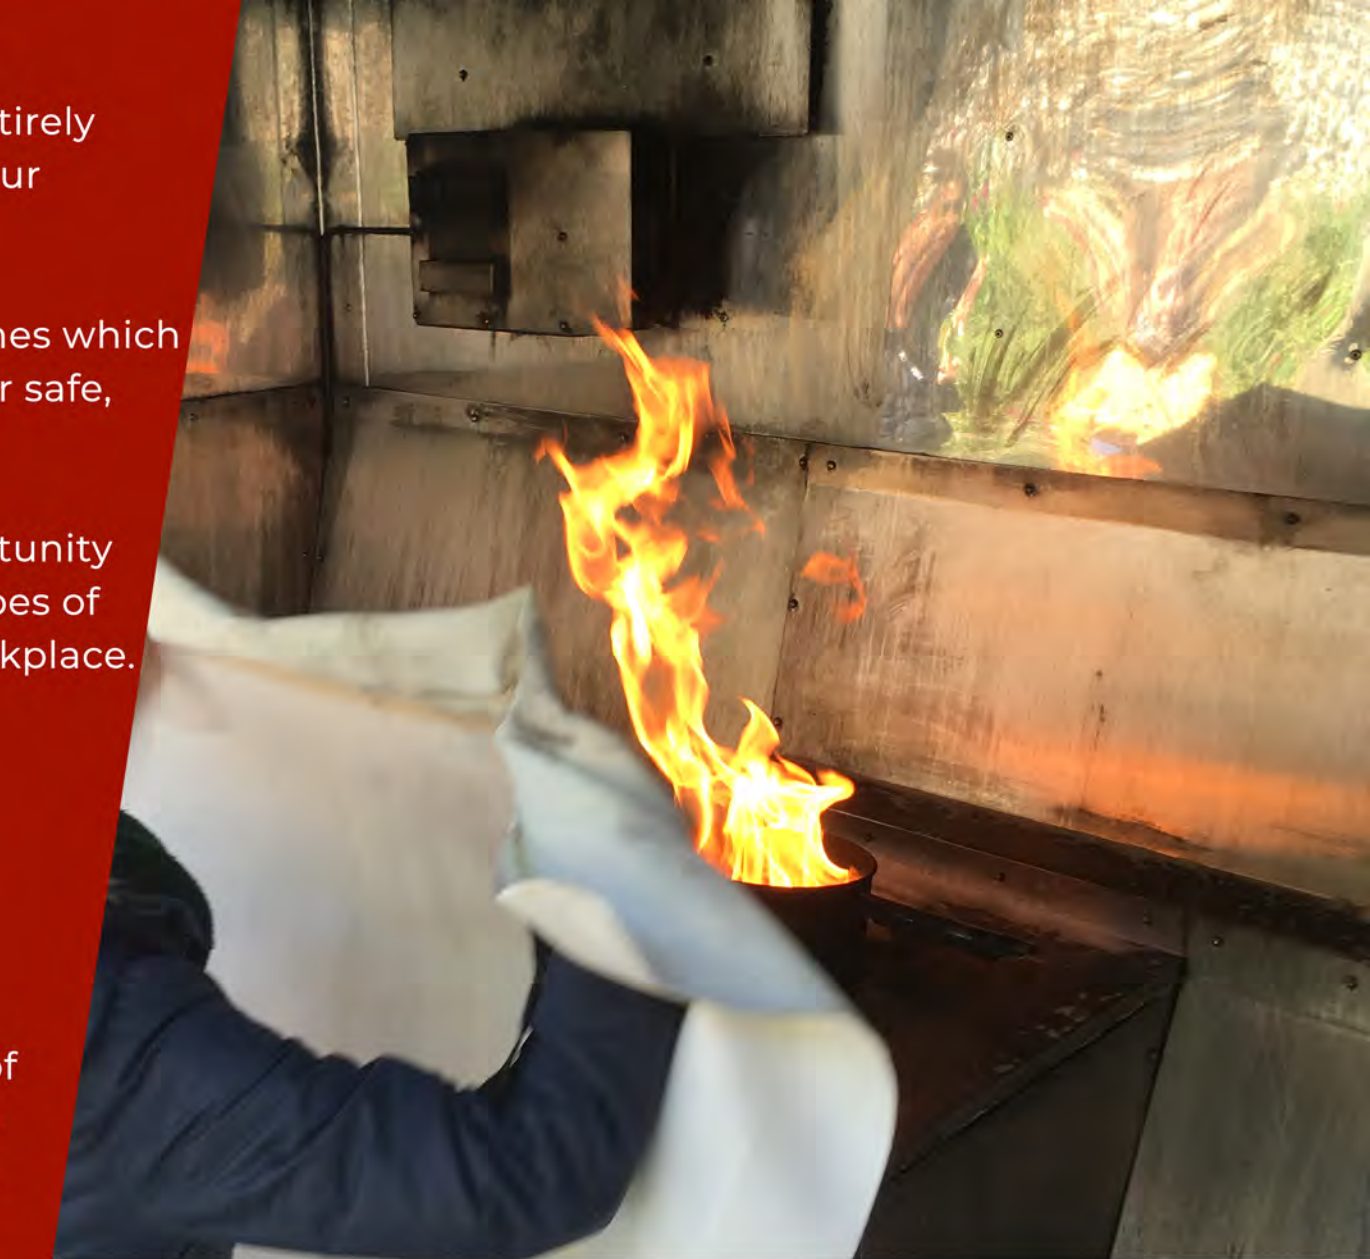

The fires are fuelled by propane, real flames which produce heat without smoke – perfect for safe, clean, realistic training.

Every participant will be given the opportunity to use extinguishers on the main four types of fire that could be experienced in the workplace.

- ▶ Small waste paper bin
- ▶ Fire involving electricity
- ▶ Flammable liquid
- ▶ Cooking fire

We always provide a generous quantity of extinguishers to ensure that every single delegate can participate fully in tackling real fires in a safe and highly controlled environment.

Course notes and certificates of attendance are sent to the employer in electronic format.

***“We enjoyed the training, the content was good & provided plenty of food for thought & discussion.”
Caretaker delegate, 7th July 2020***

- **Live & Interactive Webinar**
- **Practical Training with Real Fires**
- **From just £40 per delegate**

Fire Marshal/Warden & Extinguisher Training

"It was real value for money and compared extremely well with training we have received in the past."

Headteacher delegate, 7th July 2020
